20.12.2021

Dear Parent/Guardian,

A Public Health Nurse will be visiting your child's school to screen your child's hearing.

If your child **has** an implanted **Programmable Ventriculo Peritoneal (PVP) shunt**, please contact:

**Emma Morton, Kilbarrack Health Centre, 01-7788502** for further information.

---

---

---

---

The instruments used in the hearing test can sometimes affect the working of implanted shunts.

If your child **does not** have a PVP shunt, you **do not need to do anything**.

Kind Regards

Vision & Hearing School Screening Team
