

About HSCL

The Home School Community Liaison Coordinator (HSCL) Scheme aims to improve educational outcomes for children through supporting parents/guardians. The HSCL Coordinator is a teacher from your child's school who provides support through Home Visits, Parent classes/courses (recreational and educational), Transition Programmes and offers information on other family supports available locally. In addition, HSCL Coordinators can encourage and support parents in attaining their own educational goals.

Stronger Together

The HSCL promotes the partnership between the school and home
