Newsletter November 11th 2022

Parents / Guardians:

We're only back a week and already we're so busy and off to a flying start!

Little Red Riding Hood Puppet Show on Tuesday was one of the best 'things' that we've organised in years! The children absolutely loved it and joined in throughout the performance. A few parents still owe €4 so please send it in as soon as you can. It's an expensive show and the '€4s' help towards the cost.

Parent-Teacher Meetings: take place Tuesday 22nd November. The children will bring home a note about the meetings on Monday 14th.

Junior Infants Vaccination/ Immunisation Forms: Please return the form by Tuesday 15th. The HSE gave an extension as we've only 6 forms back.

Bicycles/Scooters/E-bikes/Electric Scooters: From Monday 14th **all cyclists & scooterists** are asked to **dismount at the school gates**. It is becoming too dangerous with people whizzing around the place.

Hot Lunch: If you're having any problems with the hot food menu call **Audrey:** **086 1075617** or email Audrey.hennessy@carambola.ie

Birthdays: Staff cannot distribute party invitations or give out party treats. We don't want to offend/hurt any child who may not be given either for his/her class.

The link to our school's group **Facebook Page** is on the home page of our website.

€30 for resources. I'm continuing to ask parents / guardians who haven't paid the €30 to please pay or talk to me so that we can set up a weekly deposit. You only have to look at the photos on our **GALLERY** page to see the fabulous resources the children have access to. We don't want children in the classroom missing out on activities / resources etc

Science Week: Ms. Martin has organised a competition. Details on our website under **Activites / Newsletter** and also our group Facebook page.

If you have any concerns or worries or need help or advice please call **Connie** to make an appointment to see me. If I'm free I might be able to meet you immediately.

Sincerely, *A. Plunkett*
