

CARAMBOLA Hot Food Latest News

What has changed?

SAUSAGE IN A ROLL is continuing Mondays. This is proving extremely popular, and we have now identified a trend that attendance figures have increased in some schools who have started with this, which is absolutely incredible.

VEGGIE SAUSAGE- This is for those who have special requirements and would prefer a plant based option. We are blown away by the positive response to this item. The children are very open to trying this.

CRISPY CHICKEN ROLL- This will now be available every Friday, and as you can imagine, this is another hit with the kids

BAKED POTATO WITH BEANS AND CHEESE- This is a real melt in your mouth new offering that is available every day.,

CHICKEN CURRY- Our delicious new recipe of chicken curry is now Gluten free for those with allergies of same. We did receive feedback that this was slightly on the spicy side, so we have now changed this to a milder alternative. This was introduced this week, so you should see the difference on your return from midterm.

BEANS- We find the beans product is like marmite- you either love them or hate them!, so we have listened and changed some dishes to peas instead of beans as a result. Therefore, the chicken goujons and fish fingers dinners now have peas instead of beans. The peas have less sauce which will hopefully solve the problem of children being able to separate items if they do not like them.

FISH FINGER DINNER- Due to important feedback about some kids missing the mash potato product, we have now added this back to the fish finger dinner, and we hope they will enjoy it!

Starting 6th March

TACO BEEF WITH CHEESE- This is a real winner with our tastings, and this will be available every Tuesday, Wednesday and Thursday

COTTAGE PIE- This will be available on Tuesdays and Thursdays and it's a real homemade comfort food

THREE IN ONE- We are most excited to introduce our Three in One- this is rice, cubes and delicious curry sauce. A real comparison to take away food, but much more nutritious.
